HEALTH DEPARTMENT OFFICERS CHOSEN

Dr. L. E. Foulkes Health Officer and Dr. R. S. Dearstyne Bacteriologist

JOINT SESSION HELD

Chief Ogden Asks Council to Appropriate $19,900 to Motorize Fire Department.

Dr. L. E. Foulkes, at present chief sanitary inspector here for the American Red Cross, last night was elected city health officer at a joint meeting of both branches of the city council.

Dr. Foulkes will take the place of Dr. R. P. Sandidge, also a United States Health officer, who has been transferred by that department to Ellis Island, N. Y.

Dr. Sandidage has been located here during the past year and in connection with his duties as health officer also served as city health officer. He tendered his resignation as such last night.

The joint session also elected Dr. R. S. Dearstyne, who for some time past has United States Public Health Service Surgeon in Reserve here, as bacteriologist.

The new health department will take charge of the health affairs of the city July 1.

Kenneth W. Ogden, chief of the fire department, presented a petition recommending the motorization of the city fire department at a cost $19,900 It was referred to the joint committee on fire and finance.

The resignation of Dr. R. P. Sandidge as city health officer was submitted and upon motion of Councilman Rucen received with regret his resignation is effective June 30.

An accounting of the $250 appropriated for the health department for incidental expenses submitted by Dr. Sandidge showed that there is a balance on hand of $81.29.

Resolution to compel the Washington-Virginia Railway Company to remove switches on King street between St. Asaph and Columbus streets in accordance with opinion given by Corporation Attorney H. Noel Garner, was adopted. Among other things the corporation attorney recommends that public meetings be held so that both sides may be represented, and that council may pass an ordinance requiring its removal.

Four new sections to the city license law and one amendment were read by Councilman Lawler and adopted. One fixes a tax of $5 annually on persons selling or hiring bicycles; tax of $20 on selling gasoline from curb tanks or selling automobile accessories $5 on persons selling artificial flower $20 an persons selling second hand articles and $20 on antique dealers.

The amendment adopted is that all bakery wagons be furnished with a license tax tag for their wagons.

The annual report of City Auditor E. F. Price showed that the receipts during the past year amounted to Waller, clerk of the Gas, showed he receiupts from the gast plant to be $104, 716 and a balance on hand of $822.71, &—

F. W. Latham, superintendent of gas, in his annual report set forth the gas plant now is in first class condition. The average consumption of gas a day during the year was 525,000 cubic feet. A detailed report of improvements etc., made at the plant together with recommendations for certain improvements to meet increasing demand were made by Mr. Latham.

Thomas W. Robinson, city treasurer submitted a report on the receipts of the general fund which corresponded to Auditor Price's report.

The report of the light committee to renew certain notes for $40,000 given by that committee for operation at the gas plant was referred to the joint committee on light and finance.

Petition for sewer on St. Asaph between Wilkes and Gibbon ctreet was referred to committee on streets and finance; petition for sewer on Lee between Duke and Wolf streets was referred to foregoing committee: petitions of George W. Pettey and Mrs. Fair for garages were referred. Ordinance to ratify bid of First National Bank for purchase of $100,000 of school and improvement bonds was referred to finance committee.

Bill of Alexandria Water Company for $87.05 for water at disposal station was ordered paid.

DECIDE TO QUIT FEDERATION

Alexandria Trades Council to Withdraw From Virginia State Federation of Labor

The Alexandria Trades Council at a meeting held last night in the Opera House decided to withdraw from the Virginia State Federation of Labor.

It is regarded as highly probable that another meeting of this council will be held in the near future when the matter will be again submitted or it may be reopened by the council.

GEORGIA COUPLE KILLED

Man And Wife Die Following Autotomobile and Passenger Train Collision

Griffin, Ga., June 25.—J. J. Fisher, of Milner, Pike County, and his wife were instantly killed at the railroad crossing at Milner yesterday, when the automobile in which they were riding was struck by a passenger train.

BOSTON WAITS FOR BOMB OUTRAGES

Boston, June 25.—Machine guns are reported to be in every Boston police station today in anticipation of possible radical demonstrations Every policeman in Boston is on duty Night men are held. Days off are canceled.

Warning that radical demands are planned for today came from the secret service in Washington.

That the radical demonstrations expected are not restricted to Boston is evidenced in similar warnings sent to Governor Bartlett of New Hampshire, who received the following telegram from the secret service in Washington:

"The chief of the United States Secret Service Bureau was ordered to notify the governor and his officers that the department expects bomb trouble tomorrow, June 25. Does not know whether it is to be in large cities or scattered. Care should be taken in opening all packages received through the mail."

AUTO STRIKES POLE

Cumberland, Md., June 25.—Isaac Foor, aged 20, son of Robert Foor, of Everett, was killed Monday night when Simon Grimes lost control of his car, the machine striking a pole and upsetting.

Foor's neck and back were broken. Grimes was cut about the head and legs and may be internally injured from the pressure of the steering wheel.

Foor saw eight months' service abroad with the 109th machine gun battalion.

HIGH RECORDS SET BY THE RAILROADS

Richmond-Washington Line Makes Record of 95.4 Per Cent

EXCELLENT SHOWING

Team Work Among Railroad Men Responsible for Such Efficiency in Passenger Traffic.

New high records for on-time passenger train service in the Southern Region were set in May by the railroads under government control. Reports made public today by the United States Railroad Administration show that of nealy fifty thousand trains operated during the month by the twenty-eight roads, 95.3 per cent maintained their schedules. This topped the April record of 94.3 which was believed to represent a hitherto unequalled performance.

Such service was made possible by enthusiastic individual effort and team work among the railroad men, stimulated by competition among the different roads. For months special attention has been given to the passenger train performance, with the purpose of making it generally as nearly 100 per cent perfect as possible. Through the Regional Director's office, each line has kept informed of what the others were doing, and a spirited race for supremacy has resulted.

For seventeen larger roads, operating 47,403 trains, the May on time record was 95.4 per cent, compared with 94.6 in April. The eleven smaller roads maintained an average of 95.3 compared with 94.3 in April. Only one of the larger lines fell below 91 per cent. One of the smaller group, the Macon, Dublin and Savannah accomplished the extraordinary feat of sending every one of its 124 trains through on schedule.

Record for the Richmond-Washington Line, (R. F. and P.-Wash. Sou.) was 95.4 per cent of passenger trains maintaining their schedules.

CRACKSMEN GET $8,500 LOOT

Blow Open Store Safe at Ettrick And Escape

Petersburg, Va., June 25.—One of the biggest robberies in this section was committed Sunday night, when the store of W. T. Sherman and Company in Ettrick, Chesterfield county, just across the Appomattox river from Petersurg, was broken into by burglars, who removed the outer door of an iron safe, blew open the inner door and got away with $8,500.

There were two explosions, botn of which were heard by Mr. Sherman. whose home is but a short distance from the store. He paid no attention to them. The robbery was detected yesterday morning when Mr. Sherman opened up for business. From the safe the burglers took and carried off $5,000 in currency, including a $500 bill, $3,000 in unregistered Liberty bonds and $3,000 in checks, deeds of trusts, mortgages, notes and other valuable papers.

It is thought that he cracksmen left in an automobile, as one was seen speeding not far from the store shortly after the robbery is believed to have been committed.

LOOK FOR ALLEGED CONVICTS.

Police Called to Potomac Yard at Midnight

At midnight last night the police received a telephone message that two men wearing convicts garb were in the vicinity of the Potomac railroad yards.

Sergt. Wilkinson and a number of policemen went out in the police patrol in search of the supposed convicts but were unable to find any trace of them.

The police department, however, has not received any word regarding the escape of convicts from any camp or institution in this section.

JOBS TO NEGROES

White Employes at Capitol Ousted With Advent of Republican Control

Negroes are beginning to replace white men in jobs about the Capitol Building as a result of the transfer of control in Congress from the Democrats to the Republicans.

Colored men are to be placed on the elevators and, in some instances, are to succeed white men as doorkeepers. Even the position of assistant librarian of the House of Representatives, it was reported today, is to be given to a negro.

The matter was brought to a crisis yesterday when a negro reported for duty as operator on one of the public elevators at the main entrance of the House. Under the Democratic regime, this particular elevator was operated by a young man from Pennsylvania, who attends a law school here in the evening.

Though hailing from a Northern State, he very promptly resented the appearance of the negro, who stated that he wished to be shown how to operate the car.

"You can learn for yourself," said the operator, who has received notice that his services will not be required after July 1, on which date the general shift will come.

The negro, it developed, was appointed to the place at the instance of Representative Leonidas Dyer, one of the two Republican members from Missouri in the last Congress and one of the influential Republicans in the present House.

"FATHER'S DAY"

"They Ain't Done Right by Pa," Declares Representative Snell

In a bill introduced in the House yesterday by Representative Snel it is provided that "Father's Day" shall be celebrated each year by the display of flags and the wearing of roses, the same as mother.

If the bill passes the President will be asked to make the third Sunday in June of each year the date for the celebration. The Snell measure contains this, among other provisos:

Roses of any color may be worn on the proposed Father's Day, and the natinal emblem would be displayed on government buildings and private dwellings.

PRESIDENT PACKS TWO TRUNKS FOR HOME

Paris, June 24—President Wilson's baggage was packed today and everything made ready for his departure for New York immediately after the signing of the treaty.

WILL SIGN TREATY AT 2. P. M. FRIDAY

German Mission Expected At Versailles On Morning of 27th.

MUELLER WILL LEAD

"We've Waited 49 Years," Premier Clemenceau Said, When Submission Came.

Paris, June 25.—The German delegation which will sign the peace treaty will arrive at Versailles Friday morning, the French Foreign Office has been informed. It is thought probable in French circles that the signing of the treaty will take place at 2 o'clock Friday afternoon.

The information regarding the time of arrival of the German delegation was made known to Premiers Clemenceau and Lloyd George and President Wilson while they were at Versailles yesterday afternoon looking over the arrangements for the signature of the treaty.

Hermann Mueller ,the new German Foreign Secretary, will head the German delegation to sign the peace treaty La Liberte says.

The Italian delegation said that it had been informed that a new delegation to the Peace Conference would arrive in Paris Friday.

"We have waited 49 years for this moment," exclaimed Premier Clemenceau, as he opened the fateful dispatch announcing that Germany would sign the treaty at the meeting of the council of Three Monday.

"For 49 years," he continued, "the mailed fist of the reitre (German trooper) who has governed Germany has menaced the world. Whether the man's name was Bismarck or William II it was still the same reitre of the Middle Ages, surrounded by soldiery and drunk with pride.

"This reitre's dogma was that might is right; that a state's only obligation is its own interest; that treaties do not exist when they clash with the interest of a state and get rich by any means. We know from witnesses who were at the side of William II that when he learned of the Sarajevo tragedy he who posed as a keeper of the peace cried: 'The hour has struck. Now we shall see what an army is.'"

BRITISH WOULD BAN U. S. FILMS

London, June 25.—War to the knife has been declared by some British film interests against American films, and if they have their way British audiences no longer will be acquainted with Charlie Chaplin, Mary Pickford, or other American screen stars, according to a copyrighted dispatch to the New York World.

While these British film concerns want to exclude American products, they have yet to hear from their public, which for four years has had 90 per cent of the American in their movie diet and which is most instances regards the home product with apathy.

One of the ironies of the situation is that American experts are being imported to perfect the British manufacture so that American films can be barred. What is really at the bottom of the agitation is the well-grounded fear that America is about to absorb the British film production.

It is learned that plans are being considered by an American company to erect one of the largest cinemas in the world in London. Some producers here are gainst any film war, saying that the barring of American films will close hundreds of theaters, because the British cannot produce enough films to supply them.

Juniors Raise $18.75 From Tag Sale

The proceeds from the sale of bird tags by the members of the Junior Audubon Societies of the third, fourth, fifth and sixth grades, Washington School, on Friday, June 20, amounted to $18.76. The members of the societies wish to extend their thanks to all those who helped to make their efforts a financial success.

The four societies of Washington School have raised $10.97 by voluntary contributions and by selling papers, iron etc.

A Martin house of thirty-two rooms, costing approximately $25. will be erected on the High School grounds some time in the near future.

BOOM SENATOR OWEN FOR PRESIDENCY

Another presidential boom came to light today.

Senator Robert L. Owen of Oklahoma is the latest favorite son to be honored with a movement to gain for him the Democratic nomination in 19120.

Members of Congress were apprised today of the formation of Owen clubs in Oklahoma and support of Democratic members of Congress from the Southwest was sought.

News of the definite movement in Oklahoma came as a surprise to Senator Owen, who admitted he was at least pleased, with such an expression of confidence, but he denied he had lent any impetus to the movement and refused to say whether he would do so.

It has been common knowledge in the Capitol for some time that Senator Owen had Presidential ambitions, but Democratic leaders fear that there are geographical disadvantages to any candidate coming from a State even far South and West.

THE WORLD IN PEACE

As a contemporary puts it, "the curtain is about to fall upon the greatest of wars. The stage has been cleared of supers and minor actors. The properties have been removed. The table has been placed for the final act of the vast world tragedy. The places of the leaders have been designated. The document is ready. The pens and the ink are at hand. Only the massing of the performers and the affixing of the signatures remains. The German National Assembly took the only action open to it by voting by a large majority for acceptance of the inevitable. Yet it is reported that it had to be nerved for its painful task by two signficant communications, a message from William II advising submission, and one from Marshal von Hindenburg, who, having done his utmost to avert the calamity, had failed, who knew the impossibility of resistance, and who explained to the Assembly what Marshal Foch could do."

When we look back upon the past few months and then turn to the shuffling, the trickery, the evasions, the whining, the unwillingness of the Germans to accept the edict of the sword to which they made appeal; when we recall the sort of peace they made with Russia and with Rumania, their treatment of Belgium, the penalties they proposed to inflict upon their enemies when German victory seemed possible, something of the bitterness of the suffering they brought upon millions of people is lost in thankfulness that they are the conquered, not the conquerors.

The following gruesome statistics of the late world war are in order: Killed, 70,000,000; crippled, twenty million; homes destroyed, one million, money loss, one hundred and twenty billion; anarchic conditions over one half of Europe and with difficulty kept out of the remainder.

THE COMING FOURTH OF JULY

Independence Day this year will be an international event. In bygone years the Fourth of July commemorated the birth of Liberty in North America. This year it will celebrate the world wide Liberty at the close of a four years' conflict from which the Goddess of Liberty has emerged victorious with her motto "Sic semper tyrannis" flaunting to the world.

Washington, capital of the United States, will be the international theatre, and active preparations are now in progress to make this one of the greatest events of the age.

Representatives of all the Allied and neutral nations of the world will participate in the celebration to signalize the coming of world peace.

Officials who are arranging the details, are hopeful not only that President Wilson will be home in time to take part but that Marshal Foch may be prevailed to accompany him. Should the French generalissimo be able to arrange it, he would be presented on his arrival with a magnificent sword as a gift of the Georgetown University, where his brother is a member of the faculty.

Today Washington is the hub of America, after the Senate ratifies the peace treaty, Washington becomes the hub of the world. Before the war Britain was the center of power. Now the empires are pressing westward. The whole world looks toward America and the National Capital.

Washington, on Independence Day, will rival New Orleans during the Mardi Gras festival. Fifteen thousand persons, under the direction of the War Camp Community Service, will take part in the pageant.

Foreign countries have appropriated large sums of money to participate in a parade which will represent the "world in peace" and which will include more than thirty floats. The various countries are vying with each other to have the most artistic representation.

President Wilson, all diplomatic representatives in Washington, members of the Supreme Court, Cabinet officers and members of Congress will sit in a huge reviewing stand at the Capitol.

TEACHING BOLSHEVISM

It is distinctly disturbing to learn there are 15 Sunday schools reguarly in operation in Brooklyn in which principles of Bolshevism are taught and encouragement to believe in that fantastic doctrine given to hundreds of boys and girls. These schools are Socialistic in their origin and largely Socialistic in their purpose, but they go much further than American Socialists are in the habit of going by praising Bolshevism and acclaiming Lenine and Trotzky. Nor is that all. They uphold men convicted in this country for flouting the laws, thus creating the spirits of insurrection and bringing into contempt our system of Government and those charged with its conduct.

The Brooklyn Standard Union in commenting on these disturbing conditions says, "It requires no fine vision to see where this thing will lead to. The certain fruits of filling the minds of the young with the poison of Bolshevism, with class hatred, with disregard for the law and disrespect for our form of govenment are anarchy. These boys and girls will grow up in the belief they should resist all authority and not hesitate to plunge the country into chaos in order to promote their political and economic ideas.

The world has seen what a red terror Bolshevism is. It has prostrated Russia and is gnawing at the foundations of other governments. The threat is here—is actually in Brooklyn and in other communities, especially the large industrial centers. There should be a way to close these "Sunday Schools," just as there are means of combatting the growth of Bolshevism. This barbarous thing must be challenegd and one method of doing so is by exposing its wickedness, its utter disregard for liberty and property."

THE PROHIBITION ACT

The House Judiciary Committee very wisely struck out of the Prohibition Enforcement law the provision which would have authorized the search of private houses upon the affidavit of two "credible persons." Nothing could be more likely to stir up strife than the licensing of an army of spies and invaders of household privacy. As it is, the provision on the subject ought to be drastic enough to satisfy every reasonable mind. Search of any place for intoxicants is still to be permitted on a warrant issued by an authorized court. Even this, if it is carried out in a ruthless and fanatical spirit, is sure to inflame public sentiment against the law. A man's house is still his castle in this country, and though the majority of people may shed no tears over the saloon, it is doubtful whether they are willing to have their privacy violated by those who desire to prevent their taking a glass of wine in their own homes.

By the terms of the prohibition amendment the Government and the States were vested with concurrent jurisdiction in the matter of enforcement. In our judgment it would have been better to leave enforcement regulation entirely to each State. But the prohibitionists seem to be afraid to trust the people of the States in enforcing the law, just as they were afraid to trust them to vote on the amendment.—(Baltimore Sun.

WIRES GO BACK JULY 31.

Senate and House Conferees Reach Agreement On Repeal Bill.

Washington, June 25.—Agreement was reached late yesterday by Senate and House conferees on legislation to repeal Government control of telegraph, telephone and other wire systems. The conferees adopted the House plan of terminating Government control at midnight on the last day of the calendar month in which the law is approved.

Toll and local exchange telephone rates would be continued four months, unless sooner changed by State Commissions under the conferees agreement—a compromise between the 90 days' rate extension clause of the Senate bill and the six months' continuance proposed by the House.

The practical effect of the legislation, the conferees stated, will be that all of the wires will be returned to private control and operation at Midnight, July 31, as it is expected confidently that the law will be signed by the President early in July.

IS IT "JUST A COLD?"

Alexandria People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion.

Congestion makes the kidneys overwork to filter the blood.

Colds often leave the kidneys weak.

First break the cold;

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Alexandria resident tell you about them.

Mrs. Walker Campbell, 707 Pendleton St., says: "I caught a cold and it settled in my kidneys. I had such pains I could hardly catch my breath sometimes. When I bent over it was hard to straighten again, the pain was so bad. My kidneys acted very irregularly esepcially at night. I got Doan's Kidney Pills at Duncan's Drug Store and took them according to directions. I was entirely cured and, thought that was over two years ago, I have had no return of kidney trouble since."

Price 60c at all dealers. Don't simpy ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Campbell had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

SHOOTING OF SULLIVAN

Charlottesville, Va., June 25.—Rapid progress was made yesterday in the trial of Edgar Morris, charged with the murder of Magistrate Bluford Sullivan at Standardsville last March. The jury was empaneled and sworn by 1 o'clock, and the opening statements for the prosecution made by Judge R. T. W. Duke, Commonwealth's attorney of Albemarle, and C. E. Gentry, and Chas. W. Allen, special prosecutors named by Judge Fishburne. After the jury had returned from dinner replies to these were made by Chas. A. Hammer, of Harrisonburg, and George E. Walker, of this city.

Two hours were devoted to taking testimony, the Commonwealth practically proving the main part of its case against the gunman from Greene County by the recital of Justices Yowell and Herndon, who sat in the misdemeanor case on March 29.

They related the facts and circumstances of the negotiations by Morris' attorney to settle the warrant against him by the payments of a fine, and of his suddenly drawing guns from his overcoat pockets and firing point blank at Justice Sullivan while the latter was in the act of preparing to read from a law book.

A strong effort was made by Attorney Hammer, who is leading the defense of Morris, to shake the evidence of the magistrate witnesses and to carry home the implication that Sullivan may have dropped the book and begun to draw a pistol, but it seemed without avail.

The story, as heretofore published, seems to be substantiated without any material alteration, and so far the Commonwealth appears to have established the unjustifiable shooting of the magistrate by the defendant.

AN ORDINANCE

An Ordinance to amend and re-enact Sections 1 and 4 of and Ordinance entitled "An Ordinance to amend and revise the laws of the city of Alexandria with reference to the health and sanitary departments of the city government" Approved July 29, 1912 and as amended re-enacted and approved December 19, 1918.

Be it ordained by the city council of Alexandria, Va.,—Section 1— That Sections 1 and 4 of an Ordinance entitled "An Ordinance to amend and revise the laws of the city of Alexandria with reference to the health and sanitary departments of the city Government." Approved July 29, 1912 and amended re-enacted and approved December 19, 1918 be amended and re-enacted so as to read as follows:

Section 1.—There shall be in June 1919 and every year thereafter elected by the City Council, upon nomination by the Board of Health, a health officer whose term of office shall begin the first day of the following July, and who shall be a graduate doctor of medicine and shall have had at least one year of experience devoting his whole time to sanitation and the prevention of disease. The entire time of the said health officer shall be devoted to sanitation of the city of Alexandria and to the protection of the health of its citizens and he shall not be allowed to engage in the practice of medicine. He shall have authority to select and appoint a deputy health officer subject to approval and removal by City Council. In addition to his duties, as specified above and covered by Ordinances, he shall carry out all order of the Board of Health for the protection of the health of the citizens of Alexandria and shall examine all children attending the public schools and notify the parent of said children of any defects that may be found. He shall receive for his services as such health officer the sum of Two Thousand Five Hundred ($2,500) dollars, per annum, payable in monthly installments on warrant drawn by the auditor which shall be inlieu of all fees including fees as registrar of vital statistics.

Section 1 (a)—There shall be elected at the same time and in the same manner as health officer a bacteriologist who shall be trained in the science of bacteriology. The duties of the bacteriologist shall consist in all bacteriological examinations which are usually made in a city laboratory, and an examination shall be made daily of the water supply of the city of Alexandria, and at least one sample of milk shall be tested each week from each dairy supplying the citizens of Alexandria. The bacteriologist shall, upon direction of the City Council perform any other duties in connection with the City Schools, or department of the City and shall be subject to the direction of the Health Officer. The Bacteriologist shall receive for his services the sum of two thousand ($2000) dollars, per annum payable, in monthly installments on warrant drawn by the Auditor.

Section 1 (b)—There shall be elected at the same time and in the same manner as the Health Officer and Bacteriologist a Public Health Nurse, who shall be a graduate registered nurse and who shall have had a special course in public health nursing at a school of recognized standing. The duties of this nurse will be to attend all cases of contagious diseases and perform all duties as directed by the health officer. She shall receive for her services the sum of twelve hundrad ($1200) dollars payable in monthly installments on warrant drawn by the Auditor.

Section 1 (c)—The health officer immediately after his election shall appoint a clerk, to be known as the Cerk of Health Department. The duties of the clerk shall be to care for the various records pertaining to the health department and any clerical work connected with the health department as directed by the health officer. The clerk shall receive for his or her services the sum of seven hundred and twenty ($720) dollars per annum payable in monthly installments on warrants drawn by the Auditor.

Section 4.—The Deputy Health Officer, in addition to his other duties, shall attend horses of the Fire Department, and all other horses the property of the city, and perform all veterinarian duties in connection there with and shall receive for his services the sum of Fifteen Hundred in lieu of all fees excepting those ($1500) dollars per year, payable in monthly installments on warrant drawn by the auditor, which shall be hereinbefore described.

Section 5.—This Ordinance shall be in force from its passage. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed, the right to alter, amend or repeal this ordinance in part or as a whole is reserved by the City Council.

THOMAS A. FISHER, Mayor.

Dr. Frederick Jacobson says, 75 per cent of women need Phosphates to give them Strong, Healthy, rounded figure and to avoid Nervous break down. Thousands of women grow strong in Nature's way.

"Consider the Lilies of the Field, How They Grow."

The life of the lily is but a few weeks or months. The life of woman is "three score years and ten." But to live one's life in its fullness, women like the lily, must be nourished by those same vital elements which nature provides for nourishing every living thing; and these include the valuable phosphates so often lacking in the usual food we eat today. Argo-Phosphate is rich in these wonderful elements. It contains them in concentrated tablet form which is easy to take and quickly assimilated and absorbed into the system, and from youth to old age. builds and rebuilds body and brain in beautiful harmony with Nature's perfect plan. "That's why" Argo-Phosphate makes good solid flesh and muscles.

SPECIAL NOTICE: Argo-Phosphate contains the Natural phosphates which thousands of physicians are prescribing daily to build up thin, pale, colorless women to give them rosy cheeks. red lips, and a beautiful complexion. Many cases have been reported where women have increased their weight from 15 to 25 pounds with a few weeks treatment, and any woman who desires a well rounded and developed form, should secure from her druggist, this new drug which is in-expensive and is dispensed by Richard Gibson and The Rexall tore, with or without a doctor's prescription. YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

The Science of Being Useful

Business is the state of being busy.

American business is the entire American people in the business of providing itself with a living.

Only through the usefulness of all can everything be done which must be done, and everyone rewarded who does it.

Swift & Company, with other great American businesses, interprets its mission as more than the mere Science of Making Money.

It realizes the surest way to make money is to prove its usefulness; that the more useful a business is the more successful it must be because it is a greater benefit to mankind.

Today's success of Swift & Company is a measure of the quantity and quality of its usefulness—of the number of people it helps, and the number of ways and the degrees in which it benefits them.

Diamond
SQUEEGEE TREAD
Tires

Why their treads are black and their sides are red

Color cuts no figure in making the treads of Diamonds. For a tire tread must resist the mauling of rough and stony roads—the grind of macadam and brick.

When the toughest, most gristly rubber that could possibly be made for Diamond Treads was made, it just naturally CAME BLACK! Black it will be always unless a tougher rubber is discovered.

But the sides of Diamonds are made red purposely—because Diamond Red Rubber admirably resists side wear, and those red sides make Diamonds distinctively beautiful.

Watch those red-walled Diamonds—they're rolling up 5,000 to 8,000 miles for our customers as often as any other tires, and they COST YOU LESS than most other tires.

SHOOTS AND ROBS DRIVER

Unsuspecting Man Picks up Fare in Atlantic City and is Brutally Attacked

Atlantic City, June 25.—Brutally attacked early Monday morning by a lone passenger on the Somers Point Longport Boulevard, Russell Stewart 22 years old, a jitney driver who has but recently been discharged from the United States army, escaped with his life only by feigning unconsciousness. Stewart picked up a man shortly after 3 o'clock at Indiana & Pacific avenues and was asked to drive him to Somers Point. At a lonely point the passenger drew a revolver and told Stewart to give up his money.

Quickly steering his machine into a telegraph pole the former soldier grappled with his fare, but was stunned by blows over the head with the revolver. He continued the unequal battle until his opponent shot him in the leg, near the groin. Stewart fell to the roadway, retaining consciousness, and allowed the man to rob him of $10, all the money in his opssession.

After his assailant had disappeared Stewart staggered to his feet, climbed into his car and started for home. A mile from Pleasantville Stewart's car, making a zig zag course, was sighted by John Morrison, a local chauffeur. He was weakly hailed by Stewart, who cried "For God's sake, get me to the hospital." The youth, weak from loss of blood, lost consciousness as Morrison, abandoning his party, leaped into Stewart's car and brought him to the city hospital. Detective Farley and Sergeant McMenamin went to the scene of the attack in an automobile. They found only a black cap as a clew to Stewart's assailant.

FOUR HUN SHIPS SAVED

Baden, Emden, Frankfurt And Nurnberg Beached

London, June 25.—Three of the German warships which their crews attempted to sink at Scapa Flow Saturday have been beached and the Baden is moored in readiness for beaching, it was announced officially yesterday. There is every prospect of saiving the ships in good condition if the necessary apparatus arrives before bad weather sets in. The ships beached are the cruiser Emden, Frankfurt and Nurnberg.

Two destroyers are afloat and 18 have been beached. It is added that there is no prospect of saving the other destroyers without elaborate operations.

LEE'S GRANDSON TO WED

Mrs. Gustavus M. Pinckney Will be Bride, Says Report

Richmond, June 25.—It was reported here yesterday that Colonel Robert E. Lee, of Fairfax county, grandson of the Confederate chieftains son soon to marry Mrs. Gustavus Memminger Pinckney, member of an old and prominent South Carolina family. No date was given.

Mrs. Pinckney's late husband was a cousin of Charles Cotesworth Pinckney, a Richmond attorney, and a nephew of the late Capt. Thomas Pinckney, of Charleston. She was a Miss Middleton, of South Carolina.

Colonel Lee is a lawyer and a son of Gen. W. H. F. Lee, of Ravensworth, Fairfax county.

BANK ROBBER TO DIE

Jury Returns Verdict of First Degree Murder Against Bank Employees' Slayer

New York, June 25.—Gordon Fawcett Hamby, alias Jay B. Allen, confessed slayer of two employees of the East Brooklyn Savings Bank in a holdup last December, was convicted of murder in the first degree yesterday afternoon by a jury in the Brooklyn Supreme Court, following a trial lasting but two days.

Death by electrocution is the arbitrary penalty for first-degree murder in New York state.

The jury was out less than one hour. Immediately after the verdict Hamby, who is wanted in connection with bank robberies in Omaha, Chicago, St. Paul, Los Angeles and Oklahoma, according to District Attorney Lewis, was remanded to jail for sentence next Thursday.

Hamby during the trial, offered no defense in his own behalf. He even went so far as to request his lawyer not to cross examine witnesses, object to questions or make any summing up speech, and his wishes were obeyed.

BURN FLAGS OF FRENCH

Berlin, June 25.—Inspired by the news of the scuttling of the German fleet at Scapa Flow, soldiers of the old Prussian Guard invaded the big arsenal where all the French flags captured in 1870 and during the late war were stored, piled them up in a huge colorful heap in front of the statute of Frederick the Great, and set fire to him cheering the while and singing "Dtutschland, Deutschland Ueber Allies."

These flags were to have been restored to the French under the peace treaty.

Don't Scrub Walls and Woodwork

SCRUBBING ruins the tinting and finish, causing walls and woodwork to become soiled more quickly and making them harder to clean.

A better and easier way is to make a paste of

20 MULE TEAM BORAX SOAP CHIPS

by dissolving one cup of the chips in two cups of boiling water. Apply to surface to be cleaned and remove with a wet cloth. The Borax in the chips quickly softens and removes all dirt and stains without scrubbing.

WOULD LET PRIESTS WED

Czecho-Slovak Catholics Also In Petition Ask Use of Their Languages in Liturgy.

Far-reaching and important changes are sought for the Czecho-Slovak Catholics by nearly 500 Roman Catholic priests of congregations in this new republic and in other places. These changes are embodied in a normal petition to the Pope. Within a few days a committee of priests chosen by those who signed the document will proceed to Rome to plead their cause. The move is not only of great interest to Catholics generally throughout the world but of vital importance in connection with future Catholic church work among the Slavonic people.

The abolition of celibacy among the priests and the use of the Czecho-Slovak languages instead of Latin in the liturgy are among the vital points urged in the petition. The priests, in brief, ask for the same rights and privileges as are now enjoyed by the priests and members of the Ruthenian rite of the Roman Catholic church to which the Ukrainian congregations under Archbishop Szeptycki belong.

The petition sets forth that the signers are loyal to the Holy See, and that their move does not signify discord or any desire for separation. It declares that the changes asked for will strengthen the church among the Czecho-Slovaks, prevent disaffection among the people, make possible a greater extension of Catholicism among the various Slavonic nations, such as the Russian, and bring about a closer relationship between them.

TAKE FORTY GALLON STILL

Prohibition Officers and Alleged Bootleggers Have Pitched Battle For Fifteen Minutes

The destruction of a forty gallon still located in the Cape Henry Desert by prohibition inspectors, and the confiscation of 369 pints and eighty-four quarts of whisky, and the arrest of twelve people, was reported to Prohibition Commissioner Peters yesterday by operatives working in Norfolk and in that vicinity.

According to the report, a number of bootleggers who were working the still when the officers approached, opened fire, and a battle lasting fifteen minutes, in which a large number of shots were fired by both sides took place before the whisky makers were put to flight. The still destroyed by the officers was of the forty gallon type and made of copper. None of the men who had been operating the outfit were captured.

SIGHTS BODY OF YOUTH

Friends Believe Arthur B. Jones Leaped Into River With Suicidal Intent

Fredericksburg, Va., June 25.—The body of Arthur B. Jones, aged 22 years, who disappeared from his home here early last Friday morning, was found Monday night in the Rappahannock River about five miles below Freedricksburg. He had been in a melancholy state for some time, and it is supposed he committed suicide by jumping in the river at the steamboat wharf here.

The body was sighted by parties on the steamer Middlesex as it came up the river late last evening, and the fact was reported to the officers, who went down and identified the body, which was brought here for burial, the funeral taking place today. The unfortunate young man is survived by his mother, Mrs. H. W. McCaulley.

Allied Commander-in-Chief Accepts the Invitation of Georgetown University

Ferdinand Foch, marshal of the armies of France and commander-in-chief of the allied forces, may take part in the great peace celebration in Washington July 4, which will be staged jointly by the nations of the world.

Marshal Foch has been invited by Georgetown University, of which his brother is a member of the faculty, to come and accept in person a sword the university wishes to present to him. He has expressed a willingness to come and had peace been settled sooner, would have been in Washington on June 28. It now is hoped he will decide to accompany President Wilson to America.

WAVES OF SUICIDES

Paris, June 25.—A wave of suicides throughout Germany is looked for as a result of the Bauer governments unconditional acceptance of the peace treaty.

In Lorraine numerous Germans killed themselves on learning the news of Germany's decision. L'Intransigeant learns today.

The Possibilities of a Porch

TO transform a porch into an airy outdoor living-room for the summer is very little trouble. You need only a few chairs, a table, and a porch light. The light—because evening is the time when the porch living-room is most appreciated.

EDISON MAZDA LAMPS

If you use EDISON MAZDA Lamps in your home, the porch light will cost you very little, for you know with EDISON MAZDA Lamps you can have three times as much light as you can with old style carbon lamps—and still *use no more electricity*.

Let us demonstrate the saving and convenience of these lamps to you.

WAR-TIME PROHIBITION

Wilson to Kill War Dry Act, is Conviction Here

Confidence that President Wilson will proclaim demobilizaton before July 1, thereby preventing war-time prohibition from going into effect on that date, now amounts to a conviction.

This confidence rests upon the belief that the President will not submit liquor dealers to the extensive injury which would be brought about by compulsory suspension of the liquor business until demobilization is declared.

It was pointed out by various government officials as well as by members of Congress that the prohibition act is a war-time measure only, and that should it go into effect July 1 it would end automatically the moment demobilization is declared. This would leave liquor men free to reopen their establishments and to sell liquor until January 16, 1920, when the constitutional amendment providing for prohibition takes effect.

This committee also sanctioned the possession of liquor after July 1, provided it is obtained before that date. This means that those fortunate persons who have been laying in a supply of wet goods in anticipation of the long drought may continue to stock up without fear of Federal interference.

TO PREACH FROM DIRIGIBLES

Bishop Plans to Use Novel Pulpit at Methodist Centenary

Columbus, Ohio, June 25.—Pending sanction from the War Department, plans are being made by the officials of the Methodist Centenary for the delivering of a sermon by one of the bishops of the church from the decks of a huge dirigible, the A-4, which will arrve here tomorrow from Akron. If plans materialize a bishop will ascend with the four army officers who are in charge of the balloon and will deliver his sermon through a large megaphone.

It is expected that the dirigible will remain here for about five hours, during which time the centenary crowds will be entertained with various "stunts.' A sham battle in which the "Archies," anti-aircraft gun, will take active parts, will be a feature of the program.

WOULD STOP BOMBING

Warns That Outrages Would Harm His Cause

San Francisco, June 25.—In a statement dictated by Thomas J. Mooney, serving a sentence of life imprisonment for murder in connection with a bomb explosion during a "Preparedness parade" here July 22, 1916, he warns against committing any bomb explosions on July 4," as they would not benefit my cause but hurt it beyond measure."

The statement was dictated to a representative of the Tri-City Labor Review at San Quentin prison and will be published in Friday's issue of the paper. Mooney issued the statement because of reports that there might be explosions.

CYCLOPS MESSAGE RECEIVED.

Mother of One of Crew of Lost Collier Gets Word

Columbia, S. C., June 25.—Another of the many clues to the lost collier Cyclops, all of which so far have been exploded, turned up here yesterday when the mother of Otis Ramsey, a seaman on the ship, received a telegram from New York saying he was "safe in this country again" and that the missing vessel was in a German port.

The navy records show that Otis Ramsey, of Columbia, was a seaman on the Cyclops and he is listed as "lost as sea" with the ship. The navy, however, knows of nothing that would clear up the mystery.

Officials think the message probably a hoax, but as they expect to solve the mystery some day they are carefully looking up every clue.

KILLED AT FIANCEE'S DOOR

Lieut. Watson Falls With Machinist —Both Die in Flames

Rye Beach, N. Y., June 25.—Lieut. Shelly Watson, of Rogers, Texas, and his civilian mechanic, M. Ireland, of Westbury, were killed yesterday when an airplane in which they were flying crashed to the ground here and caught fire.

Watson, who recently returned from eighten months' service overseas, had flown here every morning from the aviation field in Mineola to circle the house in which his fiance was spending the summer. He was at a height of about 200 feet this morning when his motor stopped and the plane fell to the ground. The accident was witnessed by his fiance.

BODY OF WOMAN IS FOUND

Mrs. Anna Lagler Killed by Train or Jumped to Death

Hagerstown, Md., June 25.—Mrs. Anna Lagler, wife of Ludwig Lagler, living at Security, met instant death late Monday night, when she either jumped from the bridge at Security or was knocked from the bridge by a Western Maryland Railroad engine.

Her body was found lying partly on a small stone car of the Security Cement and Lime Company, under the bridge, or 30 feet from the top.

The woman and her husband had been living at Security since March 27, having come to this city from Newcastle, Pa. They have five children.

CAR HITS AUTO; ONE KILLED

A. T. McKessick Dies on Way to Petersburg Hospital

Petersburg, Va., June 25.—A. T. McKessick, 50 years old, a resident of Prince George county, was fatally injured midnight Sunday, when the automobile he was driving was struck by a car on the Petersburg Hopewell and City Point Railway, near Lakemont. McKessick was taken to Petersburg Hospital but died on the way.

He was attempting to cross the track in front of the car, which he, evidently, did not see.

THEATRES

RICHMOND—LILA LEE

The producers of "A Daughter of the Wolf," Lila Lee's latest Paramount picure, which will be exhibited at the Richmond Theatre today, pronounce it the greatest achievement of her career as a motion picture star.

The story is unique and furnishes the delightful little star with one of the best vehicles yet afforded her for the display of her talents. In the role of the little child of the great North Woods, she is said to be excellent and gives a vivid and true to life portrayal.

INGOMAR—Montague Love

At the Ingomar tonight Montagu Love will be seen in the World's Pictures production. "Through the the Toils" Pathe weekly News will also be shown.

GRAND THEATER

Pauline Frederick, the famous Paramount star, will be seen in her splendid photoplay, "Sold" at the Grand Theater tonight.

Containing all the elements for vigorous emotional portrayal "Sold" provides Miss Frederick with a highly satisfactory role.

Also Houdini, The Master Mystery.

To Our Patrons
Alexandria, Va., June 2, 1919.
In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.
This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.
It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
